PROFESSIONAL SUMMARY

I'm a passionate software developer with experience in building innovative software applications.I am enthusiastic about joining a dynamic team as a full-time employee in the technology field, where I can contribute my skills and knowledge to drive growth for the company. I'm eager to collaborate on exciting projects, tackle new challenges, and continuously learn and grow in this ever-evolving industry.

TECHNICAL SKILLS

Languages : C/C++, Python, C#, SQL, JavaScript, JSON, HTML, CSS
Backend Frameworks : ExpressJS, Django, ASP.NET, PHP
Frontend Frameworks : React JS, Bootstrap
Databases : SQL, MongoDb
DevOps and API Tools : Git, Swagger, Postman

PROJECTS

Institute Management System | *ASp.net and React*
- Utilized ASP.NET API for robust backend development and seamless integration.
- Implemented React Components to create dynamic and responsive user interfaces.
- Performed ASP.NET CRUD Operations for efficient data management.
- Used SQL Storage for secure and reliable data storage.

Book Store Web App | *MERN stack*
- Built a book store web app with admin CRUD functionalities and user authentication.
- Developed different Rest APIs to handle different operations.
- Implemented JWT authentication middleware for user login/signup.
- Used different libraries such as bcrypt, cookie-parser, jsonwebtoken, mongoose, react-router-dom.
- Created separate components for frontend sections.

Weather Web Application | *ReactJS*
- Created weather platform with React JS and Fetch API.
- Integrated two external APIs for location and weather data.
- Developed reusable React component.

Task Manager Web Application | *Django, HTML ,CSS*
- Built Django CRUD API integrated with single-page application for efficient user interaction.
- Implemented Django's URL routing for navigation..
- Utilized Django views for dynamic content rendering.

Cricket Database Management System | *HTML, CSS, PHP, SQL*
- This project primarily focuses on SQL CRUD and triggers.
- Developed distinct user and admin pages with role-based access.
- Developed authentication system for access control.

Meeting Schedule Android App | *Android Studio, Java*
- Built an Android app to help users set reminders for tasks, gaining practical experience in Java-based Android development. .
- Acquired skills in designing and coding Android applications for practical use.
- Demonstrated proficiency in Java backend development for Android applications.

EXPERIENCE

Web Developer Intern | *Navinod Technologies(Aykan)*   *SEPTEMBER – OCTOBER 2023*
- ASP.net , C# , SQL
- Developed web API that access the data from database for incoming request from client-side application.
- Worked with Entity frameworks.
- Implemented new APIs which ensure exception handling.
- Tested the APIs with the help of swagger.

EDUCATION

Srinivas Institute of Technology, Mangalore Karnataka, India **BE in Information Science and Engineering** | CGPA: 7.0 *2021 – 2024*

Parijnana Pre University College, Mangalore , Karnataka, India   **Science | PCMC** | PERCENT: 81   *2019– 2020*

Sri Vani Vijaya High School, Manjeshwar, Kerala, India | PERCENT: 89   *2018*

INTERESTS

* Coding , Building Web Applications
* Music Production
